The Affordable Countertop Solution

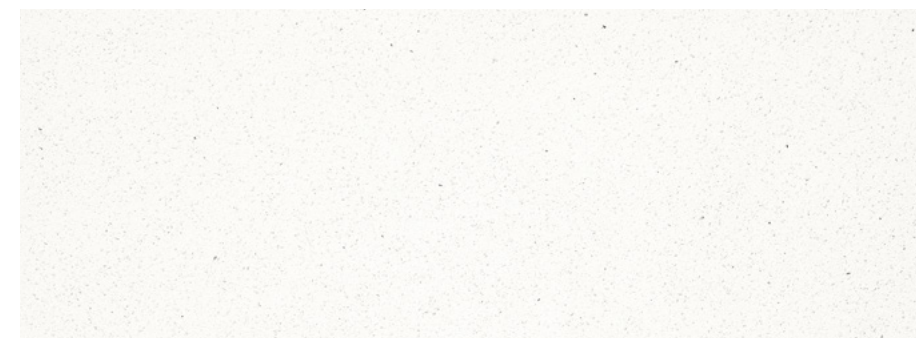

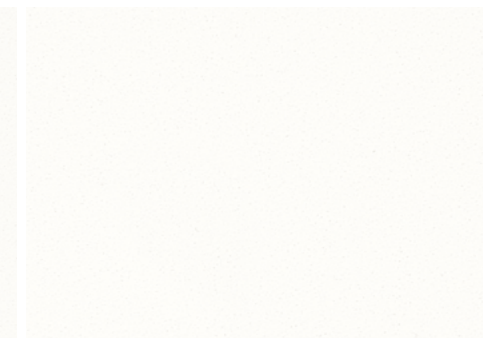

When your wood, laminates and scratch-easy surfaces let you down, you know it's time to look for a more durable surface. Eezi Quartz countertops offer you a good-looking kitchen or bathroom finish, with the promise of durability.

Why Choose Eezi Quartz?

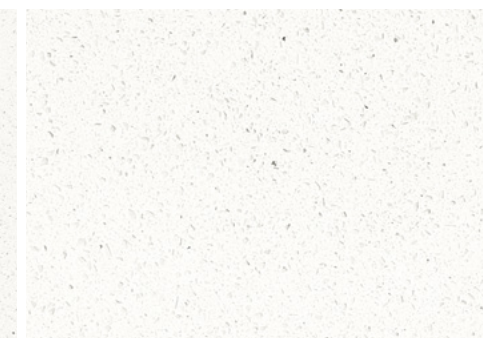

Quartz is one of nature's hardest minerals, making it a good choice for a durable surface. Each Eezi Quartz surface is made of quartz aggregate, which is why it can last so long and still look so good! **Our countertops come in 20mm thick slabs and are great for kitchen countertops, bathroom vanities and backsplashes.** With over 30 popular colours to choose from, and a 15-year warranty, you are bound to find an Eezi Quartz countertop to suit your home interior.

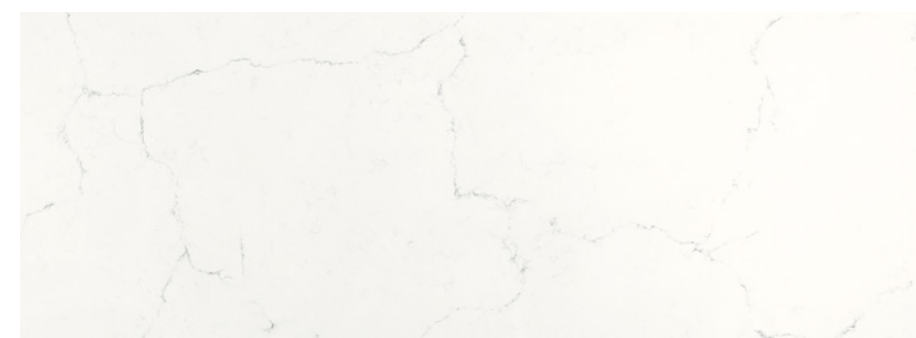

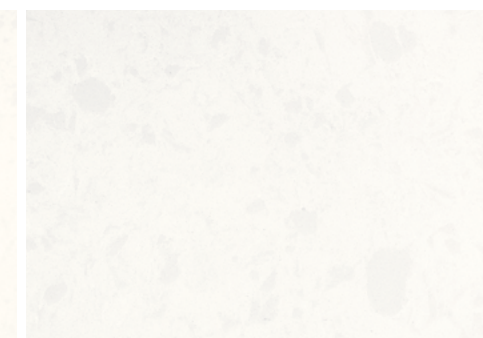

Iceberg

Featured Surface:
Calacatta Fine

Warranty

Eezi Quartz is easy-going and doesn't need a lot of attention to keep its good looks. But, it's nice to know that there is a warranty in place should anything go wrong. Eezi Quartz offers a 15-year residential warranty and a 6-year commercial warranty.

Care & Maintenance

Cleaning your Eezi Quartz engineered quartz surfaces is a breeze. Simply use warm water and a mild detergent in a spray-and-wipe manner for the best results. Remember that unlike marble and granite, Eezi Quartz doesn't need sealing. If you need more than a mild detergent to get rid of stubborn marks, use a non-abrasive cream cleanser, such as our Eezi Quartz Cream Cleanser, and a non-scratch sponge or pad. Always rinse with clean water to remove any residue.
